

Ukrainian Coal Market 2009-2010 - Brief Analysis

Report contains basic analysis for Ukraine's coalmining market; it provides valuable insights for Ukrainian coal import shift from Russia to other sources, M&A activities in coal that may lead to the "Coal Wars", the same violate as in Russia at the late 1990s-early 2000s; transportation infrastructure for coal export and import support is being analyzed - as well as new trends in Ukraine's coal consumption.

A report contains basic figures for 2009 coal production, export and demand in Russia.

23 pages, 2 tables, 4 diagrams, and 1 map.

Price: USD 200
